CANNED SAUSAGE IN BRINE

Sausage packed in solutions of common salt in hermetically sealed containers shall bear upon the label, wherever the name of the product is featured, the words "Packed in Brine," in direct connection with the name of the product, and in clear letters not less than one-eighth inch in height on containers having a total capacity of about 10 ounces or less. The net weight of the sausage, which should be exclusive of liquid, free fat, or gelatinous material, shall appear conspicuously upon each principal panel of the label. The words "Packed in Brine" and the net-weight statement shall be printed upon sharply contrasting backgrounds. Labels for containers of a capacity larger than 10 ounces, on which the name of the product is materially enlarged, shall bear the statement "Packed in Brine" in letter also appropriately larger.

in letters also appropriately larger.

When the word "Cocktail" is used in designating sausage of small diameter, formed into short links, and usually canned in brine, it will not be required that it be qualified by the word "brand" or "style." For example, "Cocktail Sausage, Packed in Brine" is acceptable.

All Bureau-approved labels, stencils, inserts, and other marks for sausage packed in brine, in hermetically sealed containers, which do not conform to the foregoing were rescinded by Circular Letter No. 2032.

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 435.—In re American Commission Co., et al., Denver, Colo. Pursuant to the provisions of the Packers and Stockyards Act, the Secretary of Agriculture issued an order in the above-entitled case on September 27, 1934, prescribing reasonable rates and charges to be observed by respondents for their services as market agencies. Said order was modified by further order of Novem-

ber 26, 1937. Petitioners through their duly authorized agents on August 12, 1938, asked for a further modification of the order of September 27, 1934, stating that the modifications proposed are designed to effect uniformity in the assessment of charges at the Denver market, and that they will represent voluntary reductions in charges possible under the tariff. The above-mentioned petition and stipulation have been considered and on September 6, 1938, the order of September 27, 1934, as modified by the order of November 26, 1937, was further modified, effective September 1, 1938.

Docket No. 477.—In re Wilmington Provision Co., Inc., Wilmington, Del. The Secretary of Agriculture on April 15, 1938, issued an order in the above-entitled case directing that respondent cease and desist from the unfair, unjustly discriminatory, and deceptive practice and device of either directly or indirectly refunding or remitting brokerage fees to any buyer of meat and meat food products while respondent is at the same time paying brokerage fees on sales to other buyers without directly or indirectly returning such fees to them. On May 6 the Acting Secretary of Agriculture issued an order setting aside the order of April 15 for a period of 60 days in order that the Secretary might consider and dispose of the proposed application for a rehearing. Counsel for respondent submitted a petition for a rehearing alleging, among other things, that on June 19, 1936, the Atlantic and Pacific Tea Co. abandoned the practice which the Secretary ordered the respondent to cease and desist from engaging in and that all sales made between the respondent and the tea company since June 19, 1936, have been on the basis of an agreed flat price without commission, brokerage, discount, or refund of any form. Representatives of this Department have investigated the foregoing allegations and have ascertained them to be true. Therefore, on September 7 the order of the Secretary in this case, dated April 15, 1938, was revoked.

Docket No. 1018.—In re Steers and Menke, New York, N. Y. The Acting Secretary of Agriculture on December 14, 1937, issued an inquiry alleging that respondents had failed to maintain such finances as were necessary to enable them to meet their obligations as they became due in the usual course of business. A hearing was held on January 4, 1938, and audits of respondents' books were made on January 14 and June 17, 1938. From the evidence adduced at the hearing and from the audits, it was found that respondents had current assets in excess of their current liabilities and that there had been no violation of the act on the part of respondents. Therefore, on September 7 the case was dismissed.

Docket No. 1132.—In re Independent Livestock Commission Co., Inc., Spring-

Docket No. 1132.—In re Independent Livestock Commission Co., Inc., Springfield, Mo. The Secretary of Agriculture on June 1, 1938, issued an inquiry alleging that respondent had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in connection with the handling of livestock in interstate commerce. A hearing was held on June 25. A copy of the examiner's report was served on the respondent, but no exceptions were filed, nor was an oral argument requested. From the evidence adduced at the hearing it was found that the respondent had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in that respondent cleared or financed the operations of certain dealers and employees, using in part for that purpose the proceeds due to shippers arising from the sale of their livestock, thereby endangering or impairing the faithful and prompt accounting for and payment of such portion thereof as was due to the owners or consignors of the livestock. Therefore, on September 7, respondent was ordered to cease and desist from the above-mentioned practice and device.

from the above-mentioned practice and device.

Docket No. 1143.—In re John P. Lenhart, Morrill, Nebr. v. Bick & Cassidy, Chicago, Ill. The Secretary of Agriculture on June 10, 1938, issued an inquiry alleging that Bick & Cassidy had engaged in an unfair, unjustly discriminatory, and deceptive practice and device in that they had sold 2 carloads of cattle for John P. Lenhart for less than the market value, and thereby failed to render reasonable stockyard services, and reported that they had sold the cattle to the Lake Cattle Co. when in reality they had been sold to M. J. Cook & Son. A reparation complaint was filed within the statutory period of 90 days by John P. Lenhart, alleging that the cattle should have brought \$11.00 per ewt. and asking as reparation the difference between that amount and the selling price of the cattle. A hearing was held on June 23. The evidence adduced at the hearing did not show that the respondents failed to obtain a fair price for the cattle or failed to render reasonable stockyard services. Therefore, on September 2 that phase of the matter was dismissed but Bick & Cassidy were ordered to cease and desist from engaging in the unfair, unjustly discriminatory, and deceptive practice

and device of reporting to shippers that their livestock was sold to anyone other

than the actual purchaser.

Docket No. 1149.—In re Clinton Poultry Market, Hoboken, N. J. The Acting Secretary of Agriculture on August 1, 1938, directed that a hearing be held to allow applicant an opportunity to show cause why its application for a license to buy, sell, and handle live poultry in commerce should not be denied. Such a hearing was held on August 17, but no appearance was entered for the applicant. Failure of the applicant to appear or be represented is explained by a letter, stating that it had sold its place of business and did not need a license. Therefore, on September 20 the case was dismissed.

Poultry License Orders

Hearings have been held to allow applicants for licenses to buy, sell, and handle live poultry in commerce an opportunity to show cause why their applications, made under title V of the Packers and Stockyards Act, should not be denied.
